CAP TRAVEL ASSISTANCE PLANS

FocusPoint provides crisis assistance during periods of travel to CAP customers in short-term, annual, and multi-year plans. CAP Travel Assistance Plans are subject to the terms and conditions set forth herein. CAP Travel Assistance Plans are non-transferable and non-refundable. A person who is not a party to this plan has no right under the contract to enforce any term of the plan.

PLAN TERM

Subject to the limitations identified herein, the term of an eCommerce CAP Travel Assistance Plan commences on the effective start date selected by the CAP customer or by CLIENT/CUSTOMER plan administrators during the online enrollment process for eCommerce plans. The end date for an eCommerce CAP Travel Assistance Plan is determined by the number of days selected during the online enrollment process. To be eligible for CAP services, the effective start date must be prior to the CAP customer’s initial departure from his or her residence address.

Regardless of the effective start date selected by the CAP customer, CAP Travel Assistance Plans are valid only when the plan fee is collected. A plan is not valid if the plan fee payment is declined, returned, or otherwise unpaid. FocusPoint reserves the right to revoke, rescind, or cancel any plan or refuse a renewal at FocusPoint’s sole discretion. Should FocusPoint exercise its right to revoke, rescind, or cancel a CAP Travel Assistance Plan, FocusPoint shall refund the CAP customer a portion of the plan fee prorated based on the remaining term of the travel assistance plan.

All CAP Travel Assistance Plan enrollment data must include accurate information in order to ensure program eligibility. Any false or inaccurate information that would affect a CAP customer’s eligibility for a CAP Travel Assistance Plan is grounds for revocation, cancellation, or rescission of the travel assistance plan.

If a CAP customer's residence address changes during the term of the plan, the CAP customer must notify FocusPoint of the change by phone prior to their initial trip departure. LIMITATIONS ON SERVICES

General Limitations on Services – Single Trip Plan

1. Crisis Consultation (Phone Advice) – Unlimited
2. Coordinated In-Country Response – One (1) Security or One (1) Medical Response Per Customer, Per Plan Term

General Limitations on Services – Annual Unlimited Plans

1. Crisis Consultation (Phone Advice) – Unlimited
2. Coordinated In-Country Response – One or Two (1 or 2) Security or One or Two (1 or 2) Medical Response, but not to exceed two responses in total, Per Customer, Per Plan Term.

However, the deployment of CAP Crisis Consultants, medical or security personnel, and associated crisis assistance services are limited to one (1) physical response, per customer, per plan term for single trip plans; and two (2) physical responses, per customer, per plan term for annual unlimited plans. This includes any qualified transportation of mortal remains. The eligible physical response is limited to forty- five (45) calendar days of assistance per response.

Due to the high risk of sending personnel into countries where the United States Department of State or relevant foreign government agency has issued travel restrictions, physical response by CAP Crisis Consultants and/or security personnel may be delayed and/or subject to the exclusion in these areas for safety reasons. In these situations, CAP customers are eligible for crisis consultation (phone advice) only. Furthermore, any CAP customer that refuses, rejects service from a Crisis Consultant or does not abide by the instructions of the Crisis Consultant, hereby renounces and forfeits crisis event benefit.

With respect to any assistance or expense benefit provided to the CAP Customer under the terms defined as **COVID-19 Medically Necessary Repatriation** or **COVID-19 Government Mandated Quarantine**, which are also covered under a valid and collectable travel/trip or medical insurance/protection the CAP benefits described herein this clause will apply in excess of such insurance coverage.

Limitations on Services Surrounding Government Authority Travel Advisories and Due Diligence

In the event that a CAP customer elects to travel to locations which the United States Department of State, and/or the Foreign Office of Canada and/or the British Foreign Office and/or similar authority, being the country where the plan customer's home or corporate headquarters is located; advises against ALL TRAVEL or advises travelers to leave that location, the following provisions apply: It is a condition of the terms of service of this plan that the customer must observe due diligence at all times. Due regard to all the advice applicable to the travel location must be observed at all times, including but not limited to the employment of security guards (when advised), staying in secure locations, the observance of travel advice and preferred routes, and the avoidance of high risk locations and public gatherings.

In respect of incidents that may occur in locations for which the advice is against ALL TRAVEL, this plan is amended to cover “crisis consultation” (phone advice) only, and “extra expenses” are not covered.

Evacuation Due to Political Threat & Natural Disasters

Customers must have proper documentation to evacuate from an area impacted by political violence and/or natural disasters. FocusPoint is not responsible for obtaining these documents in the event of an evacuation. If air transportation is determined to be the best course of action by the CAP Crisis Consultant(s), the timeframe for transport is dependent on aircraft availability, required permits, and visas for the respective countries and any other factors that may be beyond FocusPoint’s control. While FocusPoint makes every effort to accommodate its CAP customers, due to limited space available on an evacuation aircraft, the CAP customer is limited to one small carry-on bag. In most cases, pets will not be allowed on an evacuation aircraft. Customers should be prepared to make alternative arrangements for pets during an evacuation due to political violence or natural disasters.

Medical Transport Benefit

Medical transport services are available to any CAP customer who qualifies for medical transport services in accordance with these rules and regulations, is hospitalized as an inpatient outside of the country of his/her home or place of business and is accepted as a patient into an available inpatient bed by an admitting physician at the hospital of the CAP customer's choice in their home country.

Medical transport services are not available to CAP customers with mild lesions, simple injuries or minor illnesses that can be treated by local doctors and do not prevent the CAP customer from continuing his or her trip or returning home without further immediate medical attention, which requires admittance into a medical facility.

To satisfy the requirements of medical transport under this travel assistance plan, both the originating and receiving hospitals must be accessible by ground ambulance to transport the CAP customer to and from an airfield capable of accommodating an authorized aircraft (in the case of a medical transport via medically dedicated air transport) or a commercial aircraft (in the case of medical transport via commercial airline in the care of an authorized commercial medical escort). Due to the limited medical facilities and testing available on cruise ships, the CAP customer must be admitted to a hospital on shore before scheduling medical transport to another hospital.

The timeframe for medical transport is dependent on aircraft availability, required permits, and visas for the respective countries and any other factors that may be beyond FocusPoint's control. Customers must have proper documentation to return to their country of residence. FocusPoint is not responsible for obtaining these documents in the event of a request for transport.

Commercial Medical Transport Service

FocusPoint will arrange for medical transport via a commercial airline in business class if available in the care of an authorized commercial medical escort if: (1) the CAP customer requires continued inpatient hospitalization; (2) the remaining inpatient hospitalization can be completed at a hospital of the CAP customer's choice in their home country; and (3) the CAP customer can be returned by commercial airline in the care of an authorized commercial medical escort.

Medically Dedicated Transport Service

FocusPoint will arrange for medical transport via medically dedicated air transportation on an authorized aircraft if:

1. the CAP customer requires continued inpatient hospitalization; (2) the remaining inpatient hospitalization can be completed at a hospital of the CAP customer's choice in their home country; and (3) the CAP customer is unable to return via commercial airline in the care of an authorized commercial medical escort.

One (1) traveling companion may accompany each CAP customer being transported on an authorized aircraft during a medically dedicated air transport, at no additional cost, provided space is available, and the CAP customer's care will not be compromised. While FocusPoint makes every effort to accommodate its CAP customers, due to limited space available on medical aircraft, the CAP customer and any accompanying passenger are limited to one small carry-on bag each.

Transport Criteria

FocusPoint will make all arrangements for medical transport and repatriation.

DECISIONS REGARDING THE URGENCY OF THE CASE, THE BEST TIMING AND THE MOST SUITABLE MEANS OF TRANSPORTATION WILL BE MADE BY FOCUSPOINT MEDICAL STAFF AFTER CONSULTATION WITH THE LOCAL ATTENDING PHYSICIAN.

FocusPoint will require a medical assessment in order to determine travel assistance plan benefits and stability for transport. The medical evaluation requires consultation between the CAP customer's treating physician, who will provide a final or interim diagnosis that will require continued inpatient hospitalization, and a FocusPoint physician, who will review and evaluate the treating physician's diagnosis in order to determine the CAP customer's transport requirements.

A CAP customer must be medically stable for medical transport. Assuming all other medical transport criteria are met, a CAP customer who is initially considered medically unstable for transport to the hospital of the CAP customer's choice in their home country may first be transported to the nearest appropriate medical facility for initial stabilization. After this initial stabilization, FocusPoint will arrange continued transport to the hospital of the CAP customer's choice in their home country if they continue to meet medical transport criteria.

Repatriation of Mortal Remains

In the event of a CAP customer's death during a qualifying period of travel, FocusPoint will arrange and pay the reasonable and customary charges for the preparation and return of the CAP customer's remains to their home country. These charges will be at the sole discretion of FocusPoint and only paid if the CAP customer has no other benefit in place at the time of death that would otherwise cover this expense. Anyone requesting the repatriation of a CAP customer's mortal remains must be able to reasonably prove (when required by FocusPoint) that no other benefits exist that would otherwise cover the expense to repatriate the CAP customer's mortal remains.

CAP IS NOT AN INSURANCE POLICY. FOCUSPOINT DOES NOT AND WILL NOT REIMBURSE THOSE SEEKING TO REPATRIATE THE MORTAL REMAINS OF A CUSTOMER. THOSE SEEKING ASSISTANCE WITH THE REPATRIATION OF MORTAL REMAINS OF A QUALIFYING CUSTOMER MUST ALLOW FOCUSPOINT TO PAY THE REASONABLE AND CUSTOMARY CHARGES DIRECTLY.

This travel assistance plan benefit includes:

1. Domestic and international paperwork fees
2. Preparation of the CAP customer's remains for transport
3. Transport container
4. Ground and airline transport of the CAP customer's remains to funeral home of choice
5. One death certificate
